

### **English**

Children will be building confidence in writing by exploring the different stories and characters from Percy the Park keeper. They will learn to leave clear finger spaces and use adjectives to describe. The children will write poems about Autumn.

### **Understanding of the World**

By exploring the changes in the trees and landscape they see they will learn how our country has different seasons and how this can change the weather. They will look at where they live and notice the features and different landmarks. They will then look at how these are represented on a map.

### **Maths**

Children will be exploring the numbers to 10. Learning how to count recognise write the digits and the words. They will apply this knowledge in activities which will build their understanding of the language of less, more and equal. They will be building their understanding of adding and subtracting.

# Percy the Park Keeper

### **Expressive Art and Design**

Children will be exploring the skill of colour mixing to make the colours of Autumn. The children will learn how they can use different materials to make collages. Using fruit from trees and bushes children will be learning how to make crumble.

### **Personal Social and Emotional Development.**

Children will be following the school theme of caring. They will be thinking about how Percy cares for the animals and park. This will help them think about how they can care for their family, school and friends.

### **Physical Development.**

The children will be exploring different ways of moving using music and autumn as their theme. In gym they will be learning about the different body shapes of straight, tuck, straddle and pike. They will also be learning how exercise can help them be healthy and how it affects their body.
