

Message from Head of School:

The children have been working hard and we have enjoyed celebrating their success in assembly. I have also enjoyed having children show me their progress in writing and maths and it is lovely to see them being proud of their achievements. They have been working hard following the Golden Rules and I have been particularly impressed by children being kind and helpful. This links to the work that our older school councillors have been doing in holding lunchtime clubs on a Friday which they have organised and led. The Eco Council also showed their responsibility this week as they conducted an audit of the school site and are thinking about how we can be more energy efficient.

Some parents have asked about the upcoming teacher industrial action, and we will be sending out a letter on Monday with the most up to date information.

Finally, we have noticed that unfortunately many children are not accessing their home learning tasks. Practising some spellings and number facts alongside daily reading is very beneficial to children. In order to help you set aside some time for this, all classes from years 1-6 will endeavour to send homework on a Friday to be returned the following Friday. Year 6 will soon be starting on SATs revision tasks. Any help with practising these essential skills is greatly appreciated and helps put good routines in place in readiness for the older children who will soon be at secondary school.

With warm regards,

Mrs Alison Mackey

Spotlight:

Our spotlight this week is a snowy playtime enjoyed by all of us! Thanks for your patience as we all encountered an icy journey to school!

Pre-School:

This week at Pre School we have been learning about Chinese New Year. The children have learnt some interesting facts about Chinese New Year and have tasted rice and prawn crackers. We made some Chinese lanterns out of red card and used scissors to cut the slits in the lanterns and decorated them with gold glitter. We also made some rabbit shaped biscuits as this year is the Year of the Rabbit and decorated them with red icing and gold edible glitter.

We are continuing with recognising numbers 1-10 randomly and recognising shapes.

 Team Values & Social Skills
 in a welcoming, positive and safe environment.

But don't just take our word for it

"I've noticed a huge increase in not just his confidence but his physical ability, especially his balance and hand-eye co-ordination."

"Great, fun, inclusive activities for the kids to make friends & gain additional skills. Super friendly group"

"She loves her rugby. As well as having a great time she is learning skills principles and structures that will help her with any activity that she takes up."

"Really fun, educational classes. Our son looks forward to this weekly class and they have helped massively with his self confidence. Highly recommended."

"Our son loves his sessions with Creddy Club. It's engaging, promotes team work and burns off some of that extra energy. The coaches are amazing."

"My son loves the club. The coaches support and teach him excellent skills, not only for rugby but also listening, encouraging each other and communication. I can't recommend it enough."

"My little boy is absolutely full of energy and Creddy Club gives him a chance to burn it off. He has improved with his mental and physical development since starting. I would recommend it to any parent whose child may struggle with social interactions as our little one did before starting."
